*Dear Mr. Streeter*

I am writing following your recent section 5 inspection. Although your school was judged to require improvement overall, I was pleased to see that your leadership and management were judged to be good.

It is clear from the inspection report that you and your leadership team are making a real difference to the work of the school. I was particularly pleased to note that you involved pupil representatives in your recent conference on developing the school's vision and purpose. It is reassuring that you provide teachers with opportunities for professional development and additional support where it is needed. You are also helping teachers to learn from colleagues within the school, as well as from across the federation. Further, I was interested to read about the varied enrichment activities that you provide to support pupils' personal development.

I know that you and your team will be continuing your good work. I hope this will be reflected in your next inspection outcome, probably in two years' time or so.

In the meantime, I have asked Mike Sheridan HMI, Regional Director, London, and his Senior HMI to be available if you wish to discuss your progress.

Yours sincerely

*Amanda Spielman*
