

Remote Learning

Our Expectations

- During this period of remote learning you will be expected to attend **all of** your **'live'** lessons via your **Google Classrooms**. This means that you will be expected to follow your **normal school timetable** and log in on at your **normal lesson time**.
- If you do not remember what lessons you have and when, you are able to find this on **My Satchel**.
- Teachers will be taking a register for each lesson so do ensure that you are present and on time.

Student Expectations

- To be **active** participants in your remote learning for the duration of the lesson (**50 minutes**) as per timetabled lessons/periods. You **must not** use the Google Meet camera.
- For effective teaching of new information and modelling to take place, as part of the 'I Do' stage, you must 'mute' your sound. However, you can utilise the 'chat' function/ 'raise your hand' to ask/answer questions when necessary. Audio can be used when specified by the teacher.
- To take breaks to maintain your well-being as per the school's timetable.

Blended Learning

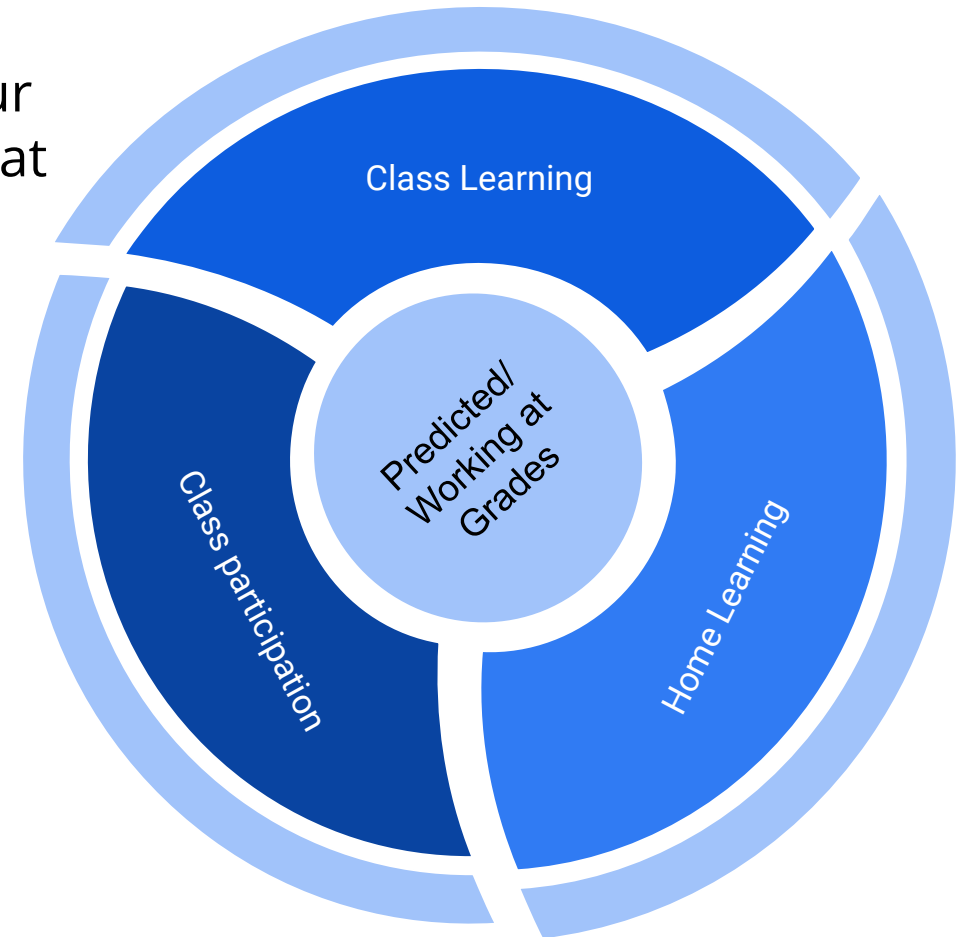

Evidence of Learning

All learning set, must be completed as this will form our evidence for your Predicted Grades (KS4) and Working at Grades (KS3), as well as your C2L.

This includes:

- Do Now! Quizzes/Exit Tickets
- Class tasks
- Research-based evidence
- Diagrams etc.

Once **'handed in'** teachers can assess your learning either with a score/CTL grade/marks/% or provide you with feedback. You must also respond to feedback where possible using **'green'** text.
